30 Masks per Box
 1,080 Masks per Case

1. Orientate the metal strip is facing up and on the outside away from your face.

2. After placing the mask over your mouth and nose, squeeze the metal strips on both side of the bridge of your nose.

3. Stretch both ear loops over each ear on the sides of your face.

4. Make final adjustments of the mask to mask to make sure it full covers both your nose and mouth without causing any wrinkles.
