18267 NE 4th Ct
 North Miami Beach FL 33162

Our newest Countertop model intended for Commercial and High-End Residential applications alike, the PRO can select between hot, cold or room temperature filtered water, and even comes with a sparkling water option.

Available in multiple filtration configurations including Reverse Osmosis, the PRO comes with a standard hot water safety lock.

SPECIFICATIONS & FEATURES

9" W x 15" L x 15.5" H
 Weight: 30 lbs
 Cold Tank: 0.55 gallon
 Hot Tank: 0.5 gallon
 Cooling: 1.5 gal/hour 37-50°F
 Heating: 1.3 gal/hour 180°F
 Dispensing Gap: 9"
 Anti Microbial Coating Available
 Hot, Cold, & Ambient Water
 Hot Water Safety Lock

Available in:

- Reverse Osmosis Purification
- SODA

Multi-Stage Carbon / Anti-Scale Filtration

Multi-Stage: Carbon Block & Poly Phosphate

Reverse Osmosis Purification

- Stage 1: Sediment Filter
- Stage 2: Activated Carbon Filter
- Stage 3: 100 GDP Reverse Osmosis Membrane
- Stage 4: Post Carbon Filter

Sediment Filter

Removes particulate matter before reaching additional filters. Does not remove chemicals or heavy metals.

Pre-Carbon (GAC) Filter

Removes sediment and compounds that reduce second or third-stage filter life.

Post Carbon / Block Carbon

Removes chlorine and organic chemicals that contribute to bad taste and odor.

Reverse Osmosis Filtration

Reverse osmosis pushes water through a semi-permeable membrane at extremely high pressure. The result is crystal clear water that is free from virtually all impurities found in municipal water sources.
